## About Kingdom Whiskey EXPERIENCES

### A small local business in KERRY

Since 2023, Kingdom Whiskey Experiences has grown from a side hustle to an emerging business, offering tasting experiences all across the Kingdom of Kerry. Founder Neil had an interest in Irish Whiskey since the 2010s, following the Irish Whiskey revival closely and sampling his way through the growing landscape of whiskey producers. Living in Tralee, he quickly developed a passion for the local pours around his Kerry home.

### 100 % local - 100 % KERRY - 100 % INDEPENDENT

Based in County Kerry, we love everything Kerry, and work with people and businesses from this beautiful part of Ireland. We see ourselves as ambassadors for the craft and skills of these local spirit producers. In our tasting experiences, we bring them all together to give you the best Kerry experience. However, while we represent and support local brands, Kingdom Whiskey Tasting Events is a 100 % independent business.

### OUR GUIDES, OUR LOVE

Fueled by curiosity, we all here at Kingdom Whiskey Kerry can pride ourselves of being true spirit enthusiasts. We just love our local Kerry spirits and we love even more talking about them. Our guests feel that in every single tasting and this is what makes us really happy. Because nothing beats great spirits, great stories and great people!

### WHEREVER YOU ARE: ATMOSPHERE IN MIND

By working with the best pubs, restaurants and hotels in the County Kerry, we can bring the experience to you. For lunchtime, afternoon breaks, pre-dinner or after dinner, our experiences fit into any day itinerary. Wherever in Kerry you are, with atmosphere in mind, we carefully choose the right place for every group. From cosy snugs in traditional pubs to private and exclusive venues of all sizes.

# The ORIGINS of IRISH Whiskey

## AN EXCLUSIVE JOURNEY through TIME and Spirit

**Who invented Whiskey? 6th-century Irish monks? The Scots? Nobody knows.**

Who first invented whiskey? Was it Ireland's 6th-century monks, the Scots, or someone else entirely? The truth remains a mystery—woven from legend, fragments of fact, and centuries of storytelling.

Irish whiskey's past is as rich and complex as its flavour. Travellers may hear snippets of its history along their journey—some accurate, others more myth than fact. Yet modern research has begun to untangle the threads, tracing its evolution back to 14th-century Kilkenny. From early Aqua Vitae to rustic Poitín, and finally to the refined whiskey we know today, it's a tale that spans centuries, cultures, and craft.

The Origins of Irish Whiskey brings this journey to life—an invitation to experience not just a drink, but the centuries of history that shaped it.

## The ORIGINS of IRISH Whiskey

This is the most unusual tasting experience, guiding you through the evolution of Irish whiskey since the 14th century. This journey of stories and long-forgotten flavours takes you from the original aqua vita to illegal poitín and finally to modern-day whiskey. It is an experience that brings the true heritage and captivating stories of Irish whiskey and the flavours of its forefathers to life.

Rates: €59.00 (2-4) - €49.00 (5-20) - larger groups on request
